Communication and Language | Understanding the World - the world

Year 1-2

Learning Outcomes:

At the end of the session:

- ✓ All pupils will understand that the North Pole is a cold habitat
- ✓ Most pupils will know that reindeer live at the North Pole
- ✓ Some pupils will know how reindeer are adapted to such a cold habitat

Curriculum Links:

Geography - location knowledge | Science - living things and their habitats

Session Outline:

Your class is greeted by one of Santa's newly promoted Reindeer Keepers, an excited but nervous elf eager to learn everything about reindeer. With a magic trunk and a scroll of tasks, the elf and children will discover the secrets of reindeer coats, antlers, hooves, and more! The adventure continues through a magical Christmas path, gathering reindeer food before seeing real live reindeer. Afterward, the group will meet Father Christmas to share what they've learned. A class photo opportunity awaits, and each child will receive a special gift from Santa to remember this enchanting day!
